Connect the parts of your system

The work collected under “Internationalization” shows one part of a working system. We can help connect that part to the rest of your operation. A site that is quick, findable and editable by your own staff, without a bill for every change of wording.

Generated 495 pages from a SQLite export

Generated 495 achievement pages across three languages from a read-only SQLite export, with the page address authored as data so that correcting a sentence no longer moved the page and broke the link.

Focus the engineering effort

Describe the workflow, the existing interfaces and the users who need the change. We can define a testable delivery and a handover that lets your team maintain it.
