Engineer Brand

{ Data Pipeline Development (ETL/ELT) }

Getting your data from A to B on its own

Numbers arriving where they are needed, on a schedule,
without anyone copying a spreadsheet at the end of the month.

Still working out what you need?

Tell us what is going wrong, or what you are trying to build. We will tell you what it would take, roughly what it would cost, and whether we are the right people for it.

From 1,400 DKK an hour, excluding VAT — and less per hour on a longer booking.

Examine the relevant work

Use the related work on this page to examine our approach. Ask about the tradeoffs and the conditions behind each result. Generated 495 pages from a SQLite export — 495 achievement pages generated from a read-only export

Generated 495 pages from a SQLite export Get in touch →

Generated 495 pages from a SQLite export

Generated 495 achievement pages across three languages from a read-only SQLite export, with the page address authored as data so that correcting a sentence no longer moved the page and broke the link.

Looking for Data Pipeline Development (ETL/ELT)?

Use the linked work to judge relevant experience. Tell us what you need to build; we can discuss the scope, delivery approach and handover.
